Farm Bureau Convention To Have Local Delegates

Ten delegates from Calloway County will attend the annual convention of the Kentucky Farm Bureau Federation, B. H. Dixon, secretary of the local organization, announced today. The group will include three women and seven men, he said, although their names have not been announced as yet.

Senator John Sherman Cooper, Congressman Virgil Chapman and the former Congressman from California, Jerry Voorhis, headline the speakers to appear on the annual convention program, scheduled for Jan. 7-9 at the Brown hotel, Louisville.

Closely behind them will be such notables as Wilfred Shaw, Chicago, American Farm Bureau secretary; H. E. Slusher, Jefferson City, Mo., Missouri Farm Bureau president; O. R. Long, Columbia, Tenn., Tennessee Farm Bureau secretary; and Mrs. Charles W. Sewell, Chicago, administrative director Associated Women of American Farm Bureau.

Still others are Dr. Herman L. Donovan, Lexington, University of Kentucky president; Dr. Thomas P. Cooper, dean of the College of Agriculture; Harry W. Schacter, Louisville, Committee for Kentucky president; Clarence Miller, Shelbyville, and Hewel Blair, Bowling Green.

A new innovation at the 29th convention is to be an all-day tour of Louisville industries processing farm products and manufacturing farm equipment on Jan. 6, the day before the convention opens. About 300 delegates from all over the state are expected to make the tour. More than 1,000 official delegates from 110 counties will be qualified, but around 3,000 are expected to attend one or more of the three-day sessions.

The convention is scheduled to open at 9:45 Wednesday morning, Jan. 7.

The annual meeting of the Associated Women and the five commodity conferences, dealing with all Kentucky crops, and the meetings of affiliated organizations will be held that afternoon, as well as the final session of the Resolutions Committee.

Thursday there will be general sessions with the official session of the House of Delegates scheduled for 3:00 p.m. that afternoon, followed by district caucuses when Board members for the ensuing year will be nominated. The annual banquet, with its overflow crowd, is set for that night.

Final session will open at 1:00 a.m. Friday, Jan. 9, with the election of officers and directors and the annual business session scheduled for 11:00 o'clock. Since the adjournment is expected to be at noon.

Perhaps the hottest subject to be discussed at the session will be "The Truth About the Fight Against Cooperatives" by Jerry Voorhis, executive secretary of The Co-op League of the U.S.A. His address is scheduled for 11:30 a.m. Jan. 7. A panel discussion, set for 11:00 a.m. Jan. 8 on "Post-War Challenges" may lead to some spirited

Reward Offered For Arrest Of Baby Slayers

A reward of \$125 is being offered for information leading to the arrest and conviction of the person or persons responsible for the murder of a new-born baby at Paris, Tenn., Friday.

Sheriff Clyde Williams is offering \$100 and the Paris Police Lodge has posted \$25 of the reward money.

The baby, believed to be less than 24 hours old, had been stabbed ten times in the head and chest, and its throat had been slashed. The infant was found in a cardboard box, wrapped in blood-soaked towels, near the McKenzie Highway.

Sheriff Williams said this morning that a Paris taxi driver has told investigating officers that he transported a young couple to within a mile of where the body was found. They were reported to be carrying a cardboard box similar to the one in which the baby was found.

Happy Birthday

Mrs. Virgie Bridges, Dec. 8.
Mrs. Lyman Dixon, Dec. 9.

MIDDIES' MASCOT IN WASHINGTON

"BILLY THE 12TH," mascot for the Middies at the Army-Navy grid classic in Philadelphia, is shown arriving at the National Airport, Washington, from Fredericksburg, Texas. With the goat are (l. to r.): Midshipman K. B. Webster, Manchester, N. H.; Tom Martin, attorney for the Angora Goat Growers Association of Texas, and Midshipman A. L. Jansen of Milwaukee, Wisconsin.

Radio Stars To Give Benefit Program Here December 18

A benefit show for underprivileged children will be staged at the County Court House, Thursday night, December 18.

The featured attraction will be Miss Billie Walker and her Dixie Lily band from station WENK, Union City, Tenn. The program will include stage play, music, comedy and singing.

Also appearing will be the Dixie Harmony Quartet, from station WNGO, Mayfield, with a special variety program and concert.

Earthquake, Cold, Tornado Worries Nation In 24 Hrs.

Weather reports showed today that within 24 hours the nation had a tornado in Florida, an earthquake in Tennessee and a subzero cold wave in the north Central states.

The tornado struck near Pensacola yesterday morning, destroying at least five houses and injuring at least three persons, none of them seriously.

L. T. Terry, stationed at the Pensacola Naval Air Station, said the tornado struck "with a terrific roar."

"All of a sudden the roof of my house was lifted off," he said. "My wife and I were too frightened to get out of bed. The rain just beat down on us. Then as suddenly as the wind came, it died out."

Mrs. Larry Brock, 32, and her two children were treated at the Naval hospital for minor injuries.

A "slight earth disturbance" was reported last night in sections of Tennessee, Mississippi and Arkansas. Residents of the Tri-State area phoned the Memphis, Tenn., newspapers after first reports of the tremors were received at 9:27 p.m.

Mrs. G. A. Zane in Memphis reported she was "Never so frightened in my life. You could hear a big roaring sound and the whole house was shaking."

No damage was reported from the tremor.

In addition, a flood struck near Vancouver, B. C., last night and water poured through a five-foot breach in the canal lake dam.

Officials said the break in the dam was caused by heavy rains of the past few days which had backed up water for more than a mile behind the dam.

The flood water isolated two small sawmill communities, washed out sections of road, and severely weakened two bridges. No casualties were reported.

The midwestern cold wave dropped temperatures to 11 degrees below zero at International Falls, Minn. It was spreading southward and eastward today, with freezing weather reported as far south as Arkansas and northern Texas.

Heavy snow fell in lower Michigan, northern Indiana and most of Indiana early today and light snow and sleet was reported in the Atlantic coastal states.

New Owners Operate Chevrolet Lunch

Erwin Enoch and Eubert Hale began Monday to operate the Chevrolet Lunch on Main Street where they purchased recently from Mr. and Mrs. Harold Speight.

Enoch and Hale previously owned and operated the Varsity Grill.

PRODUCE

CHICAGO, Dec. 16 (UP)—Produce:

Poultry: 23 trucks; firm; hens 26 1-2; broilers 31-34; white and Plymouth Rock springs 35; colored springs 32; young turkeys 37-40; young hen turkeys 52; young geese 35; swan geese 28.

Cheese: Twines 44 1-2-45 1-2; single daisies 46 1-2-48; Swiss 72-76.

Butter: 409.657 lbs.; nervous; 93 score 87; 92 score 86; 90 score 83; 89 score 74. Carrots; 90 score 83 1-2; 89 score 75.

Eggs: 19.90; tases; unsettled; extras 1: 59-60; extras 2: 58; 3 and 4: 55-56; standards 1 and 2: 53-55; 3 and 4: 51-53; current receipts 50-52; dainties 38 1-2; checks 37 1-2.

Apartment-Size Turkeys To Be Offered Soon

LINCOLN, Neb. (UP)—Experts of the University of Nebraska offered sympathy to the people who ate turkey hash after the Thanksgiving weekend, and said they were doing something about the situation.

They are breeding an "apartment size" turkey.

It will solve the hash problem, said Prof. F. E. Muschel, head of the university's poultry department, because the turkey the researchers hope to produce will be small enough for a small family to finish off in one day.

Most turkeys today weigh between 15 and 30 pounds, Muschel said. That may have been the right size when families were larger, but now the average American family is about three persons and there is too much bird left over.

Muschel and his colleagues hope to develop a turkey that weighs about 10 pounds. By combining the desired features of two types of birds—broad-breasted bronze and "beltsville white"—they are headed in the right direction, he said.

The 10-pound bird will not start any arguments among the producers, either, Muschel said. The bigger birds will have a place in supplying large families, hotels, restaurants, and institutions.

The stage will be set with a stained glass window, candles, and Christmas groats. The entire chorus will be clothed in choir robes.

This annual event, free to the public, is considered one of the most colorful musical presentations of the High School for the year.

Mixed Chorus To Present Christmas Program Tonight

Rehearsals and plans have been completed for the annual program of Christmas music at the High School this evening at 7:30 o'clock.

Miss Mary Elizabeth Roberts, director of music, announced today. A chorus group of 250 voices, both from the high school and grades, will sing a number of Christmas hymns and songs.

The stage will be set with a stained glass window, candles, and Christmas groats. The entire chorus will be clothed in choir robes.

This annual event, free to the public, is considered one of the most colorful musical presentations of the High School for the year.

Hobbs Speaks To Agriculture Leaders Group

The Calloway County Agricultural Leaders group held its regular meeting Thursday night, December 11. Cloys A. Hobbs, secretary-treasurer of the Jackson Purchase Production Credit Association, was the principal speaker.

Hobbs explained the operation methods of the Association and discussed in detail the procedure for farmers. 4-H Club members and Future Farmer members to secure loans from the organization. He expressed the association's desire to serve farmers in Calloway County and extended an invitation to attend the annual meeting of the association to be held in Mayfield on December 20.

In the business session that followed, R. K. Kelley announced that the T.V.A. Forestry Department offered assistance through the county extension service, in woodland management problems to any farmer in the county. Farmers desiring this assistance should contact Kelley before January 1.

E. B. Howton announced that the Marshall-Calloway Artificial Breeding Cooperative was legally organized. "Provided no unforeseen obstacles arise, service can be started some time near the first of the year," he said.

"Miss America" To Be Here For MSC-Memphis Tilt

Miss Barbara Walker, "Miss America of 1947," will visit Murray State College on January 7 as guest of honor at a dance sponsored by Kipa Pi, journalism club.

Jim Peterson, Kipa Pi president, announced today that Miss Walker has accepted an invitation to be a guest of the club at the Murray-Memphis State basketball game.

The journalism club will entertain Miss Walker with a dinner at the Woman's Club House before the game.

Miss Walker was born in Murray and attended the Training school until she was 11. Her parents, Mr. and Mrs. R. H. Walker, lived two miles east of Murray. Mrs. Walker, the former Ruth Rains, taught school in Calloway county before going to Memphis to live.

Mr. Walker was a dental technician in a Murray hospital during his residence here.

Mrs. Walker will accompany "Miss America" to Memphis where they will visit friends during their stay here.

In a letter to Jim Peterson, "Miss America's" mother stated that at the present time it is uncertain whether Mr. Walker and Miss Walker's fiancé, Dr. Hummel, will be able to come to Murray. Her father is head of a dental laboratory in Memphis and Dr. Hummel is intern at the Methodist hospital in Memphis.

Miss Walker was crowned "Miss America" in September in the annual beauty contest at Atlantic City, N.J. As winner of the title she was awarded a \$5000 scholarship. At the present time she is attending Memphis State College preparing to teach foreign languages.

"Miss America" is talented in voice, instrumental music and art. Since winning the beauty title, Miss Walker has been honored by the Mexican government in a reception at Mexico City and has appeared in various sections of the country in connection with her duties as beauty queen.

Today's Sports Parade

By OSCAR FRALEY
United Press Sports Writer

NEW YORK, Dec. 16 (UP)—Calumet Farm clinched recognition today as the royal family of American racing when the Turf and Sport Digest named Armed as "Horse of the Year" and showered supporting honors on several of the great gelding's stablemates.

Warren Wright's Baking powder dynasty continued to rise this season when, as leading money winner in five of the last seven years, it set a record with earnings of more than \$1,300,000. It is easy to understand why when you consider the compilation of ballots cast by 173 experts.

They voted:

Horse of the Year—Calumet's Armed.

Two Year Old Fillies—Calumet's Bewitch.

Two Year Old Colts and Geldings—Calumet's 4.

Three Year Olds—C. V. Whitney's Phalanx.

Four Year Olds and Up—Calumet's Armed.

You can score a clean sweep for the Devil's Red and Blue colors of Calumet if you consider that against Phalanx in the three-year-old division the Wright entry of Fervent and Faultless ran one-two for place and show respectively. Phalanx polled 312 points against Fervent's 260 and 156 for Faultless—or an entry total of 416.

And in the Calumet sweep it wasn't even close. Armed, greatest money winning gelding of all time and still being prepped to take the mark from Stylic, trotted off with horse of the year honors.

The vote was: Armed 151; Citation of Calumet, 8; Stylic, 7; Bewitch of Calumet, 4; and Assault, three. A bit more than \$50,000 behind Stylic in the all time roles, Armed won \$376,325 this year as it finished out of the money only once. It went postward 17 times, winning 11, placing in four and showing once.

That gave Calumet four "Horses of the Year" triumphs in the nine years since Wright sold his Pappy's trotting horses and turned to thoroughbred, Whirlaway won in 1941 and 1942 and Twilight Tear

did it in 1944.

Citation, which probably will become the Derby winter book favorite, won eased up in the two-year-old colt and gelding division. The bay son of Bull Lea polled 504 points, followed by Better Self, 139; My Request, 133; Piet, 74; Relic, 63; Sage, 50; Grandpere, 44; and Free America, 12. The Calumet colt won \$155,680 in taking eight of nine and finishing second to stablemate Bewitch.

The brown filly from Calumet scored 513 points in taking two-year-old filly honors, followed by Whirlsome, another Calumet filly, with 230; Belleseur, 128; Grey Flight, 60; Inheritance, 46; Boswell Lady, 15; and Picnic Lunch, 10.

Bewitch, which won eight of 10 and showed once, won \$213,675.

Following the big three in the three-year-old division were: Cosmic Bomb, 144; But Why Not, 104; Double Jay, 21; Derby Winner Jet Pilot, 15; and On Trust, 13. Phalanx won as he finished in the money in all but one of 16 starts to win \$269,250. The bay colt was second in the Derby, third in the Preckness and won the Wood, Belmont, Dwyer and Empire stakes.

Armed naturally took four year-old and up honors with 500 points, followed to the voting wire by Assault with 276; Stylic, 210; With Pleasure, 17; and Rico Monte, 15. In the opinion of those who know horses it's Calumet all the way, succeeding to the throne once held by the Widener, Whitneys, Bradleys and other famed stables of days gone by.

KIAC Review

By DON BRUMBAUGH

The KIAC had a bad week as the conference lost five games of the eight played with out-of-state teams. Marshall dumped Morehead by a 62-55 count on Monday night followed on Tuesday night by a 71-58 win by Southern Illinois over Murray.

On Wednesday night Western Kentucky took Evansville college by a 58-42 score while on Thursday night Union defeated Cumberland

County Basketball Statistics To Date

New Concord held on to the lead in the Callaway County basketball standings but Williams lost his lead in points as the Concord team was idle during the past week.

Jimmie Crouch, Lynn Grove guard, passed Williams in the points scored column as he took 10 points at the expense of Hazel and brought his total to 68, just one point above Williams. Junior Howard and Max Smotherman of the Grovians placed third and fourth in the scoring with 57 and 50 points respectively. Howard of Kirksey is in fifth place with 47 points.

Brandon is high for Hazel with 44 points, Boyd for MSCTS with 38 markers, and Miller for Almo with 32-loop shots.

Kirksey travels to Lynn Grove tonight for the only county game on tap this week.

BOWL REVIEW

By RUDY CERNOVIC
United Press Sports Writer

STATE COLLEGE, Pa., Dec. 16 (UP)—Unbeaten and untied Penn State pitted its hopes today on its mighty line—the nearest thing in football to seven immovable objects—to carry it through to victory over Southern Methodist in the Cotton Bowl on New Year's Day.

If the Nittany Lions' powerful forward wall can check the Mustangs' offensive as well as it has every one of its nine regular seasons, Coach Bob Higgins and his team figure they'll need to score only once, or twice at the most, to win the big bowl clash at Dallas.

In coming up with their first perfect football season in 35 years, the Nittany Lions compiled the best defensive record in the nation—Penn State's line, averaging 203 pounds from end to end, yielded an average of only 17 yards per game in rushing all season. Three of State's opponents—Pitt, Syracuse and Colgate—were held to minus rushing totals on the ground.

And the team's all-around defensive feat of holding its nine opponents to an average of 76.7 yards

OLYMPICS COACHES—Walter Prager (left) and Alf Engen, co-coaches of the U. S. Olympic Ski Team, helped to design this official U. S. uniform of the cross-country racing group. Trousers and windbreakers are made of gray poplin. Knitted headbands complete the outfit. The entire ski team is now on the high seas, bound for Switzerland.

per game in both rushing and passing is second only to the modern record of 69.9 yards set by Santa Clara in 1937.

Big Steve Suhay, the Lions' iron standing guard, is the kingpin in the forward wall that has been penetrated for only 27 points this year. Suhay turned in a 60-minute performance against Navy and averaged 50 minutes of play in other games.

Biggest man in the line is co-captain Johnny Nolan, a 228-pound tackle. Co-captain John Potokan at end and John Wolosky, whom Higgins describes as "The most underrated center in the East," are other big factors in Penn State's brilliant defensive record.

Sam Tamburo at the other end,

Negley Norton at tackle and Joe Drazonovich at guard round out the strong starting line.

Besides being able to check their opponents, the Lions also give evidence that they can set up and go with a well-drilled single wing attack that produced 319 points in 1947, the second highest total in Penn State's 61-year football history.

Offensively Penn State is primarily a running team, with six top-flight ball-carriers whom Higgins rates about even. The Lions have averaged 363.8 yards per game on the ground compared to the 624 yards they've averaged through the air.

Elwood Detchel, a 145-pound seatback, is State's chief offensive threat and handles what little passing the team employs, although Jeff Durkato, a 205-pound wingback is the squad's leading scorer with 10 touchdowns.

Francis Rogel, a hard-hitting sophomore fullback, fleet-footed Larry Joe, Wally Triplett and Bobby Williams are the other key backs, with Charlie Drazonovich calling the signals and handling the brunt of the blocking.

Higgins and his all-alumni coaching staff have stressed pass defense in their daily workouts for the 40-man squad in an effort to check

Doak Walker and Gil Johnson, Southern Methodist's ace passers.

The squad will leave campus on December 21, stop over at Washington University in St. Louis for a limbering up drill, and then go on to Dallas for Penn State's first bowl venture since its 1923 defeat by Southern California, 14 to 3, in the Rose Bowl.

Murray Independent Statistics

The Murray Independents came through last week with a win in the only game scheduled and now have won three games this year against no defeats.

Monday night the Independents traveled to Hickman, Ky., and Saturday night can be seen at Dresden, Tenn.

College Gives Free Flu Shots To 809 Students

A total of 809 Murray students took the flu vaccine shots which were given by the college at the Carr Health Building.

Other than the college students, 237 Training School students, and 60 non-students, who paid 50 cents each, took the shots.

A statement from Lederle Laboratory Division said, "Clinical trials have established the safety and value of this vaccine. Preliminary clinical investigations on the efficiency of this product conducted by the Commission on Influenza of the Army Epidemiological Board have been published and a significantly lower incidence of influenza infections is reported to have occurred among the vaccinated group as compared with a control group."

The college nurse, Evadon Duncan, gave the shots. She was aided by Conley Taylor, Herbert Beale, Mose Dunning, Minnie Lee Churchhill, and Eugene Russell.

MSC Places Sixteen In "Who's Who In American Colleges" Publication

Sixteen students from Murray State have been selected to appear in the publication, "Who's Who Among Students in American Colleges and Universities" for 1947-48.

Under a new system of selection, students were chosen by nomination of the student body and faculty. Frank Vittetow, Marjorie Gaylord, and Robert Shanklin, being at the top of the list in the polls, automatically became members of the honor group and served on the faculty-student committee in charge of final selection.

Wayne Johnson and Shanklin tied for one of the top positions in the poll, but because of schedule difficulties, Johnson was unable to serve with the committee.

These Chosen
The twelve other students chosen were Jean Altom, Sue Callis, Frances Copley, Billy Crossway, Jane Griffin, Wynelle Hopkins, Fred Lamb, James Petersen, Alta Presson, Joe Royer, Clarence Walker, and Jack Wyatt.

The faculty members of the selection board were Dean A. F. Yancy, Mrs. Cleo Hester, registrar, Miss Abbe Keys, college secretary, Miss Ruth Ashmore, patron of Wells Hall, and Prof. Ben Syndergaard.

Only juniors and seniors were eligible, and those chosen for Who's Who were selected on the basis of their service to the school, leadership in practical qualities, contributions to extra-curricular activities and scholastic achievement.

New Regulations In Effect
No student selected last year, under new regulations, was included in this year's book unless nominated this year.

Representing Murray this year are:
Jean Altom, senior from Sikeston, Mo. Altom is a Tri-Sigma member of the Commerce club, and secretary to the Dean of Women. She is majoring in Commerce.

Sue Callis, pre-med, is active in the Vivace club and a member of the college orchestra. She is past president of the Off-Campus Girls Club. Mrs. Callis attended the Training School and is a senior from Mayfield.

Paducah Senior Named
Frances Copley, senior from Paducah, is president of the YWCA and a council member of the Wesley Foundation. She is also a member of the Inter-Church council, active in the Home Ec. club, and is on the Social Committee. Copley is majoring in home economics.

Billy Crossway, senior from Springfield, Tenn., is a music major.

Student Org Secretary Listed

Marjorie Gaylord is secretary of the Student Org and has been a member of Tri Sigma for three years. She is a member of El Nopal and is secretary of the club this year. Miss Gaylord was secretary of the Commerce club in 1946. A senior from Sharon, Tenn., she attended U.T.J.C. before coming to Murray.

Wynelle Hopkins, senior from Benton, is vice-president of the Wells Hall Council, president of El Nopal, a member of Sock and Buskin and secretary of Tri Sigma. Miss Hopkins hopes to receive her degree from Murray in June.

Serving as president of Phi Mu Alpha and the Vivace club, Wayne Johnson is also in the college band. Men's Glee club and chorus. He is a senior from Clay and has appeared in "Campus Lights" for three seasons. He was musical director of the show last year.

A staff member of the "College News" since 1941, Fred Lamb is at present serving as sports editor. Lamb is working toward a major in English and a journalism minor. He is a member of Kappa Delta Pi, honorary education fraternity, and is active in Kappa Pi, journalism club. Lamb is a senior from Sturgis.

A senior from Baltimore, Md., James Kark Petersen is editor of the Shield and president of Kappa Pi. He has had a leading role in dramatic presentations as a member of Sock and Buskin and is a member of the Vets club. Petersen participated in "Campus Lights" in 1947 and was in the Speakers Bureau during 1946-47.

Alfred V. Presson, senior from Paducah, is working toward a double major in home economics and physical science. Mrs. Presson serves as a chemistry laboratory assistant, is secretary of the Vets club, and is a member of the Physics club. She is also a member of the Social Committee. Mrs. Presson is a veteran.

Junior Class Officer

Vice-president of the junior class, Joe Royer is from Hickman. He was a staff member of the "College News" 1946-47 and is a member of Kappa Pi. Royer served on the "Fuse" staff in '47 and is a member of the Vets and Phys Ed clubs.

HONEYMOONING—Mr. and Mrs. Edward J. Hickey, of Grosse Point, Mich., pose for their picture on their honey-moon in Bermuda. Mrs. Hickey is the former Ann Farley, daughter of James A. Farley, former Postmaster General.

He is manager of the Puchase-Pennyrile tournament and as a member of the International Relations club has served as head of several committees.

Robert Shanklin is the editor of the "College News" for 1947-48 and was managing editor last year. A junior from Elston, Shanklin is president of International Relations and vice-president of Kappa Pi. He is past president of the journalism club and is a member of Alpha Psi Omega, national honorary dramatics fraternity.

Scheduled to graduate in June, Clarence Walker serves as house captain of Ordway Hall. His club membership includes Phi Mu Alpha, Vivace, Sock and Buskin, the Social Committee, YMCA, and the A Capella choir. Walker is a transfer student from Maryville college.

A.A.A. NOTES

BY Q. D. WILSON

The Calloway County AAA office has received official notice of the reduction of the three types of tobacco grown in the county. The reduction of burley will be 10 percent of 1.0 acre or more of the 1947 allotments. Air cured will be cut 25 percent on all 1947 allotments and dark-fired cut 35 percent on all 1947 allotments.

We are again reminding you to spread the Lime and Phosphate obtained through AAA by December 31, 1947.

The soil-building allowance for 1948 will be much less than for 1947, if you carry over to 1948 the material obtained through AAA in 1947 it will keep you from receiving the benefits due you for 1948.

for student from Maryville college.

Student Org President In

A pre-med student, Frank Vittetow is president of the Student Org. He is past president of the German club and has served as vice-president of YMCA. Club membership is in the Physics club, Wesley Foundation, of which he is publicity director, and the Vets club. He was on the steering committee for the 1947 spring carnival. He is a member of the Social Committee. Vittetow is a junior from Sebree.

Jack Wyatt, senior of Dyersburg, Tenn., was captain of the football team this year and was recently listed as all-KIAC.

Infantile Paralysis Poster Boy For 1948 Wants Football From Santa

LAUREL, Miss Dec. 15 (UPI)—Brown eyes and knee-length fame did not impress Terry Tullis, braces for no day today. His only concern was Santa. It will be Terry's chubby little Claus and the football he wants, hand that will reach out across the for Christmas.

Funny thing about that football, says Terry, and the druggists on though. When he gets it, Terry, the poster in the snow. Make it won't be able to kick it and get, Dimes. This little boy, an only child, ran onto pole, when he was Terry is three. He is the 1948 11 month-old. This pretty young poster boy for the National Football League. But don't say Terry Tullis one day will throw away his braces and the guy with long blonde curls and kick the ball out of any football in the block.

His parents, Mr. and Mrs. Clarence Tullis, think he will too.

"Our little boy is happy and he's going to get well," Mrs. Tullis said. "I don't see how we could ask for more."

To night Laurel is going to join the Wisner activities building to Jimmy what Mary Carroll Gartin has produced "Terry Tullis Day." Gov. Fielding L. Wright will be here. So will many other important public and civic officials and just plain neighbors. Each will give a few for distribution later by the Salvation Army.

Santa Claus will be here, too.

The last time Terry saw the man with red pants and white whiskers, he demanded that Santa produce a missing pack and several absent reminder profits. Santa talked him out of it.

Between now and the March of Dimes grand climax Jan. 30, Terry and his dad and mother will cover the nation by plane and train for poster victims.

"We never thought anything so wonderful could happen to us," Mrs. Tullis said. "It always seemed to me such things only happened to people with lots of money."

Terry's Dad is a warehouseman at Mid-Continent Supply Co. in Laurel. He got a leave last April when Terry had to go to New York to have his picture taken, and he is getting another for the Foundation-sponsored tour of the nation.

Terry has a remarkable disposition. He cooperates with everybody, including all the photographers, and likes to play with "Bozo." Holder the four-year-old boy who lives across the street.

Terry got mud once in New York though. That's why the poster shows a tear under his right cheek. What happened was that after about six or seven poses and lots of delays, somebody got the idea of taking a picture of him. He wanted it. He stretched out his hand and turned down a healthy tear. And that's the picture you'll see.

SKI TOGS—New, snug-fitting attire will grace the novice and expert skier alike this coming season. At left, the young lady wears a white sweater, fitted with colorful stripes across the shoulder and with tight cuffs. Note, also, the detachable hood. Her companion wears a smart sweater, featuring dark sleeves on one arm and a gray color on the other. These new fashions were introduced at Sun Valley, Idaho.

ONLY A BEGINNER—It's only a little bubble, but Li Er-See, of Loyang, Honan Province, Central China, is just getting a start on the art of blowing bubbles with American bubble gum, now being exported to the country.

NO TUBE, NO PUNCTURES—This ring-shaped piece of rubber is an early stage of the revolutionary new automobile tire, which requires no inner tube and is self-puncture-sealing, being readied for the market by B. F. Goodrich. Molded into its finished form, it looks exactly like the conventional tire, though it has several important differences in internal construction.

U. S. Millers Plan Technical School To Train Experts

MINNEAPOLIS (UP)—The nation's millers are starting a training program to develop highly skilled specialists for top engineering jobs in the industry.

A \$10,000 grant from the Millers National Federation to the University of Minnesota will set up a school of milling engineering, the only one of its kind in the nation. Plans for the school have filled the minds of educators and some milling technique workers for more than two years. Until about three years ago the industry felt no need for a training program.

According to Dr. Betty Sullivan, chairman of the federation's technical advisory committee, the industry was content with a system of on-the-job training to develop its mechanical experts.

But the millers were shocked into consciousness, she said, when a combination of the depression and the war cut off their supply of potential milling engineers.

"We suddenly found," she said, "that the industry was falling behind in developing new techniques and making itself more efficient."

"The industry was falling behind in developing new techniques and making itself more efficient," she said. "The industry is technologically behind other fields, mainly because we have no new minds."

The new school is designed to supply these new minds at the rate of about 30 a year, starting five years from now when the first graduates will enter the field.

Prof. John McKenzie, appointed to head the school, said the demands for graduates would be high.

"The milling industry," he explained, "is not a large-scale employer because it doesn't take many men to run a mill. But there will be a continuing, limited demand for graduates of the course in such centers as Buffalo, N. Y., Kansas City, St. Louis, Seattle, Dallas, Fort Worth and Minneapolis."

The Citizens Food Committee Suggests:

A "PEACE PLATE" FOR TODAY

Save Wheat! Save Meat! Save the Peace!

TUESDAY PEACE PLATE

Today's Peace Plate has a fresh and satisfying answer to the popular question, "What can I serve on Meatless Tuesday?"

Browned Walnut Cheese Savories live up to their proud title, and justify their good looks by providing a delicious protein main dish.

The suggested menu, designed to please the whole family, starts off with hot spiced tomato juice. With Walnut Cheese Savories, serve a casserole of oven-creamed peas and diced white turnips, along with buttered carrots flavored with grated orange rind. For dessert, have mellow Honey Baked Apples, either warm or cold.

WALNUT CHEESE SAVORIES
1 1/2 cups soft bread crumbs
1/2 cup nuts, finely chopped
3/4 cup grated cheese
Dash of pepper
1/2 teaspoon salt
1 egg, slightly beaten
2 tablespoons fat

Combine bread crumbs, nuts, cheese, pepper, salt, milk, and egg, and mix thoroughly. Form into patties. Fry in hot fat in skillet until brown on both sides (about 10 minutes). 4 patties.

HONEY BAKED APPLES
4 firm apples
1/2 cup honey

Combine bread crumbs, nuts, cheese, pepper, salt, milk, and egg, and mix thoroughly. Form into patties. Fry in hot fat in skillet until brown on both sides (about 10 minutes). 4 patties.

Combine bread crumbs, nuts, cheese, pepper, salt, milk, and egg, and mix thoroughly. Form into patties. Fry in hot fat in skillet until brown on both sides (about 10 minutes). 4 patties.

Wash apples and remove cores. Pare 1 inch of skin from top of apples and place in lightly-oiled baking dish. Mix together honey and orange juice and pour into centers of apples. Drop a clove and a little coconut into each center. Pour melted butter over apples and sprinkle lightly with sugar. Cover and bake in a moderate oven (375°F.) 20 to 30 minutes or until apples are almost done. Remove cover and bake 15 minutes longer, or until apples are tender, basting occasionally. Serve warm or cold. 6 servings.

Food Tip: Put more vegetables into each meal, says the U. S. Children's Bureau. Most children don't get enough green and yellow vegetables. Now there is added reason for including them, for not only are they health-builders but they make savings possible on other foods that are urgently needed abroad. Serve sweet potatoes, winter yellow squash, and raw or cooked carrots. All three foods are comparatively good buys just now and what's more, children like them.

College Calendar

January 5, and 6, Monday, and Tuesday—Registration.

January 7, Wednesday—Chapel, Speaker, Rev. George Bell.

Basketball game with Memphis State, here, 8:00 p.m.
